"Again, this seminar was extraordinary. I've actually taken it before, but am preparing to apply for a promotion and immediately knew this was a training I NEEDED. I really appreciated the breakdown of leadership styles, and how most effective type of leader is determined by the situation. I also took a lot away on how to create a culture of trust among my team members, and the value of facilitating a stable leadership structure and being a career mentor. This was such a valuable training!!!"

"I will be sending other supervisors and managers. Loved all of the exercises and interaction with others in the class. That says a lot from a 10+introvert."

"Did a great job explaining the subject matter. I was initially concerned it would be too law enforcement focused, but the instructor did a great job to include communications."
