"I thought the course flowed well. I liked that you took suggestions from the students at the beginning of the course to ensure that you touched on the topics that were important to them. The sample materials that you provided during the course were very helpful as well. I think they will allow me to revamp some of our current forms and improve our processes. Overall, I would recommend this course to anyone seeking to further knowledge on recruiting and background investigations."

Sgt. Justin Holm, North Kansas City PD

"I felt the seminar was very informative, and having additional information outside of the slideshow was great! The instructor was well-versed and knowledgeable, and he encouraged questions and comments from participants. I would highly recommend this seminar to other agencies interested in learning ways to improve to their recruiting and backgrounds techniques. **Background Investigations/CVSA Administrator Inv.
