The Law Enforcement Training Institute has enjoyed a successful partnership with On-Target Solutions Group for several years and we are never disappointed by the quality or content of the courses that they offer. The topics are applicable at the line level, middle management and command.

The instructors have a wealth of knowledge and direct application of the subject matter and their ability to connect with Law Enforcement Officers is evident in their teaching style.

Administratively, On-Target Solutions group is flexible with regard to scheduling and demonstrates a willingness to provide quality training at an affordable price.

The Law Enforcement Training Institute appreciates the efforts of On-Target solutions group with helping us meet our training mission and looks forward to a continued strong working relationship for many years.
