

Institute for
**LAW ENFORCEMENT
ADMINISTRATION**

November 25, 2015

Dear Law Enforcement Professionals:

Allow me to introduce Mr. Gregory Anderson. Gregory has partnered with the Institute for Law Enforcement Administration for over ten years. He is one of our adjunct faculty members who instructs in our Professional Standards, Internal Affairs and Ethics course.

This offering is our second largest program. It regularly attracts new and veteran investigators from all four corners of the United States and Canada. Mr. Anderson receives excellent instructor ratings based on his ability to communicate complex ideals, concepts and practical techniques to his audience.

Ever changing public reaction to law enforcement mandates attention and the need to change practices and policies to enhance the delivery of such critical services; in response, Mr. Anderson has founded the On-Target Solutions Group. This organization continues to provide up-to-date training insights and brings forth information which allows law enforcement to maintain high standards of excellence. It also provides a unique blend of theory and experience to immerse our training participants in a real-world practical understanding of these issues.

Based on our experience with Mr. Gregory Anderson, it is without hesitation that I recommend him and On-Target Solutions Group to any organization seeking first rate educational services. They will provide high quality training and would strongly enhance any organizations training portfolio with the management and supervision classes they provide.

The Institute for Law Enforcement Administration has served the law enforcement community since 1957, we partner with the best in the brightest in the field. Chief Gregory Anderson is one of our partners. Please feel free to contact me if you require further information.

Sincerely,

Gregory Smith
Vice President, Center for American and International Law
and Director, Institute for Law Enforcement Administration
