Evidence Processing - Crime Scene to Courtroom Basics **Missouri POST Control # 21919**

**Register at: [Evidence Processing: Crime Scene to Courtroom Basics](#)
or at www.on-targetsolutionsgroup.com**

This foundational course is designed for any personnel assigned to Patrol and Investigation duties, empowering them to identify, collect and record commonly encountered evidence at crime scenes. Skill sets learned can increase your agency's case clearance rates and successful courtroom prosecution efforts, while simultaneously building public service satisfaction levels and their confidence in investigative efforts.

Training encompasses on-scene application of forensic scientific principles and is presented in a concise-immersive style utilizing lecture and hands on exercises. Upon completion attendees will be able to perform basic crime scene processing and recovery efforts.

This seminar is one of the three required to receive a Forensic Technician certification. The others are Crime Scene Photography and Effective Crime Scene Reporting. These seminars may be taken individually or as a group during this week for a reduced fee of \$750 for the entire week. You may attend future seminars to receive the certification if you cannot attend the entire week.

"Great us of personal experiences. Far more training and experience (and passion) than any instructor I have has had in many years. Fantastic course. Training materials were top notch."

"The relevant subject matter and interaction activities made learning more memorable. Explains the information in a simple, understandable way."

"Brings real life experience to the classroom: what worked, what didn't. (The strongest feature of this seminar) multiple techniques for collecting fingerprints using well known techniques as well as tried and true methods."

Fee: \$375.00 (includes material fees)
(\$350 if 3 or more from same agency)
